## 2 Option 2

If you take option 2, you can make a left turn when getting out the arrival gate (see Fig. 1) and walk towards Exit 3 (Fig. 28). The Texi spot is just outside Exit 3(Fig. 29).

## 3 Option 3

Option 3 is **not recommended**, the reason is that you need to get off the air shuttle bus in a middle stop (the second stop), but the driver does not speak English. However, if you are determined to go by air shuttle bus, walk through Exit 2 (see Fig. 30) and turn left to find the air shuttle ticket office (see Fig. 31). Buy a ticket for Bus Line 2 (20 RMB) and board at the scene shown in Fig. 32. You need to get off the air shuttle bus at Nanjing South Railway Station (the second stop) and then follow the directions towards the Taxi stop and show Taxi driver the following note, which tells where the Hanyuan hotel is.
